

ROTATING BOARDING SCHOOL

Description

- Information about the Ministerial Agreement 4604-2014 regarding the mandatory Dietetic Internship.
- The Dietetic Internship comprises 2080 hours divided into practical and academic activities. This internship has 4 rotations: Hospital Nutrition, Hospital Food Service Management, Food and Nutritional Promotion, and Community Nutrition.
- Each rotation will be evaluated at the end with a theoretical exam, a practical exam, tutor evaluation, and evaluation of goals based on a grading criterion.

Mission and Vision

Prepare competent and effective professionals for entry-level positions in various domains of dietetic practice.

Objectives

- To consolidate students' disciplinary competencies in a hospital and community context.
- To contribute to the promotion of health in the population.

Ministry of Public Health (MSP) Requirements

- Bank account certificate
- ID card or passport
- Certificate of fitness for admission to the dietetic internship
- Curriculum vitae

Requirements may vary depending on the healthcare institution.

Calendar and Rotations (annual)

The Dietetic Internship starts in May of every year, equivalent to 52 weeks:

- Each rotation lasts for 13 weeks.
- 40 work hours per week, divided into: 40% academic activities and 60% practical activities.
- Activities are supervised by an academic tutor.

Dress code

- Short-sleeved scrub-type uniforms with straight-leg pants. The uniform color may change according to the healthcare institution.
- Small earrings (long or hoop earrings are not allowed).
- Other types of accessories such as necklaces, watches, bracelets, etc., are not allowed.
- Short, unpainted nails.
- Hair must be groomed and tied up.
- Lab coat with the institution's logo.
- Student ID card.
